Be Vented

(Special Star-Bulletin Cable)
WASHINGTON, D. C., July 3.—Circuit Judge Thomas B. Stuart of Honolulu called at the executive offices of the White House to see the president this morning or to leave a message for him. He left a letter for Mr. Wilson marked "personal." It is said this letter contains Judge Stuart's resignation. If so, the resignation will be promptly accepted when it reaches the department of justice. The letter is said to criticize bitterly Attorney-General Gregory, Secretary of the Interior Lane, Governor Pinkham, Chief Justice A. G. M. Robertson of the territorial supreme bench, and Circuit Judge W. L. Whitney of the Oahu bench.

C. S. ALBERT

Judge Stuart, on a leave of absence from the circuit bench, went to St. Louis as an alternate representative of the Democratic national convention. From there he went to Washington.

SUGAR CROPS ON HAWAII TO FALL FAR BELOW 1915

Revised Estimate of Big Island
Plantations Lowers Figures
on Expected Product

OLAA PLANTATION HAS NEW ESTIMATE PREPARED

Other Companies Make Revis-
ions and Give New Figures;
Next Year's Crop to Be Big

Reduction in the estimated 1916 crops of plantations on the Big Island promise to become the rule. Late Saturday afternoon the directors of Oloa Sugar Company issued a statement of reduction in estimates and this is only one of several. Brewer & Company as agents for several plantations had also made revisions. It has become evident to plantation companies on the island of Hawaii that the 1916 crop will be materially smaller than the 1915. The reason assigned for this is that crop conditions in 1915 and through the harvesting of the 1916 crop were of the best while the contrary was the case for the 1916 crop. Rain and floods in 1914 materially damaged that crop at the outset. Brewer & Company estimate that the 1916 crop at Pepeekeo is 20 per cent less than that of 1915, Halakau 14 per cent, Hilo 16 per cent, Onomes 26 and Honoumuli 27 per cent. This does not mean that they have reduced the 1916 estimate by such percentage, but that this year's crop per acre is that much smaller. Manager C. F. Eckart has informed the directors of Oloa Sugar Company that it is necessary to reduce the esti-

BALTIC BATTLE NOT DECISIVE, DESPATCH SHOWS

First official announcement from
Berlin concerning the naval battle in
the Baltic, vaguely reported last week
from London, came in a cablegram
yesterday morning. The cablegram
said: "Berlin, Germany, July 1.—During
the night of June 29-30 German tor-
pedo boats between Haifa and
Landort attacked with torpedoes Rus-
sian naval forces, composed of one
armored cruiser, one protected cruiser
and five destroyers, who were ap-
parently sent out to disturb German
merchant vessels. After a short en-
gagement the Russian forces with-
drew. In spite of violent shelling by
the Russians, on the German side
there were neither losses nor dam-
age."

TWO REGIMENTS TO BE ORGANIZED ON OAHU AT ONCE

Orders Received Yesterday for
9th Heavy Field Artillery
and 32nd Infantry

COLONELS M'MAHON AND ATKINSON TO COMMAND

Officers of Both Regiments
Practically All Now on
Island

Cable orders announcing the per-
sonnel of the two new regular army
regiments to be organized on Oahu,
the 9th Heavy Field Artillery and the
32nd Infantry, were received
Sunday from the War Department by
the Hawaiian Department.
Commanding officers of both new
regiments are army men well known
on Oahu. Col. John R. McMahon, for-
merly of the 1st Field Artillery, will
command the 9th, while the 32d will
be headed by Col. Benjamin W. At-
kinson, formerly of the 2d Infantry.
An Associated Press despatch today
told of the nominations of both these
officers for full colonelcies.
Second in command of the 9th is
Lieut.-Col. William S. Guillard, for-
merly of the 1st Field Artillery, while
the 32d's lieutenant colonel is Michael
J. Lemkau, now chief of staff at Ha-
waiian Department headquarters here.
According to department head-
quarters today the officers of both reg-
iments are practically all now re-
siding on Oahu. The troops for both
regiments will be taken from army
organizations already here.
The order announcing the reg-
iment's personnel reads as follows:

Big Changes in War Department Plans In Border Matters

Three Departments Being Cre-
ated; Gen. Wood May Be
Placed in Supreme Com-
mand

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 3.—Sec-
retary of War Baker today took im-
portant steps to decentralize the di-
rect administration of the Mexican
boundary matters under the war de-
partment.

Three departments are to be cre-
ated. Gen. Funston is to command the
Southern Department, Gen. Pershing
to command the Department of New
Mexico, and Gen. Franklin Bell to
command Arizona and the West.
The plan is said to be the suggestion
of Gen. Funston, in the interest
of efficiency, and probably paves
the way for the appointment of a supreme
commander. The indications are that
Gen. Wood is being considered for
this position. It is probable that
Pershing, now a brigadier-general, will
be promoted. It is announced that
the Pershing assignment does not
mean that the U. S. punitive expedi-
tion is about to be withdrawn.

Two Oahu Officers Named For Colonel

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 3.—
Officers of the Hawaiian De-
partment, Oahu, receive promo-
tions under the new army or-
ganization bill as it is received
by the senate.
At the head of the list of pro-
motions is the name of Brig.-Gen.
Albert L. Miller, now chief of the
division of militia affairs. He
is to be a brigadier-general.
The following colonels are
nominated to be brigadier-gener-
als: Charles G. Morton, Gran-
ger Adams, George A. Dodd, Ed-
ward Plummer, Clarence Towns-
ley.
The following lieutenant colo-
nels are nominated to be colo-
nels: John E. McMahon, James
M. Arrasmith, William H. John-
ston, Benjamin W. Atkinson.
Col. McMahon is with the
1st Field Artillery, Schofield,
and Col. Atkinson with the 2d
Infantry, Fort Shafter.

SECOND TEUTON LINE MEETING FURIOUS ASSAULT; FRENCH CLAIM TWO SERIES OF TRENCHES TAKEN FOR THREE MILES

Germany's Official Statements Assert "Drive" Proves Costly

German official cable despatches of
July 1 do not admit any serious ad-
vance by either British or French on
the western line. Though the London of-
ficial claims of the same date declared
that in some places progress as much
as five miles had been made. The Ger-
man despatch of July 1, which arrived
yesterday morning, said:
"GERMAN HEADQUARTERS, July
1.—Anglo-French reconnoitering de-
tachments today tried advances re-
peatedly in numerous places and also
during the night but were everywhere
repulsed. Much prisoners and materi-
al remained in our hands at several
points.
"The advances were begun by a
strong artillery and by gas attacks
or blittings. This morning the activity
on both sides of the river Somme
considerably increased. North of
Rheims and north of Lens smaller
infantry detachments were repulsed.
"West of the Meuse there were
local infantry combats. East of the
Meuse the enemy tried to reconquer
our positions on the Froide Terre and
on and near Thiaumont. As in the
attacks on June 22 and 23 against
Donauwitt, strong masses of infan-
try were engaged in the storming.
"The enemy is again on ground
where there were unimportant local
successes which at the beginning of
action were rather too hastily official-
ly reported. This announced recon-
quest of the fortress, while really an
attack, everywhere failed under heavy
losses for the enemy. In several
places the enemy's soldiers reached
our lines but were taken prisoners
and it is to be noted that the French
entered their former fortress only as
repulsed.
"Successful German patrol en-
gagements took place north of the forest
of Faroy and west of Senones.
"The German emperor has bestow-
ed the order 'Pour Le Merite' upon
Lieut. Wingine, and yesterday this
lieutenant shot down a French biplane
southwest of Chateau Salines. Near
Bras an enemy aeroplane was disabled
by artillery fire and another put out
of action near Thiaumont by machine-
gun fire. The air attacks against Lille
caused no military damage, but there
were numerous victims among the
civilians, especially in the Church of
Saint Lubene. More than 50 dead and
wounded were left here, also in Souai,
Bapaume, Peronne and Nele number
of French inhabitants were killed
and wounded by the French and Eng-
lish fire and air bombs.
"On the east front Gen. von Lin-
dingen's army west of Kolki and
southwest of Kowl and near Viczy
conquered Russian positions, while

Damloup Taken By Germans, Then Recaptured, Says Paris Despatch--British Advance East of Amcre--Fighting In- tense On Entire English Front--Russian Torpedo Boats Wreat Havoc in Black Sea

(Associated Press Service by Federal Wireless)
BRITISH HEADQUARTERS IN FRANCE (via London), July
3.—The great combined assault of the British and French on the west-
ern battle front continues without diminution of fury today.
The British with alternate artillery fire and infantry charges have
advanced further, east of Amcre, and have gained an elevation north
of Aricourt for which they have been fighting. The battling continues
intensely along virtually the entire British front.
The British have bombarded the stronghold of Thiépval heavily to-
day. The Germans continue to shell Montauban, which was taken by
the British, but the latter are well established in the town. South of
this point more than 4000 prisoners have been taken by the British.

Germans Capture Damloup, Then French Charge and Retake Town

PARIS, France, July 3.—Heavy fighting took place today on the
section of the Franco-German line east of the Meuse. Here the Ger-
mans captured Damloup but the French, by a series of short, sharp
charges, cleared away the defenders and regained possession.
The French are pounding heavily the German second line south of
the Somme river. The French troops have succeeded in occupying
two lines of trenches for a distance of three miles and have captured
Harbecourt.
In the north the British are pressing the Germans hard for posses-
sion of Bapaume.

Berlin Denies Allies Have Gained North of Somme; Admits it on South

BERLIN, Germany, July 3.—The German war office today issued
an announcement saying that there is a continuation of the French and
British drive on the Somme. It said that the fighting is without advantage for the Allies.
South of the Somme the Germans have withdrawn a division of
troops to a second line position.

Black Sea Vessels Are Sunk

PETROGRAD, Russia, July 3.—Russian torpedo boats operating
in the Black Sea have sunk 54 sailing vessels belonging to enemy na-
tions.

Allies Taking Strategic Points

LONDON, England, July 3.—Four
towns of strategic importance have
been captured by the British and
French in the great offensive move-
ment now under way, and the attack
continues with unabated fury.
The British forces have captured
the village of Fricourt after desperate
fighting, and have made further
progress eastward of that point. At
La Boisselle the enemy is resisting
desperately. The French have captured
the villages of Frise and Mereau-
court, taking more than 6000 unwounded
German prisoners.
These four villages are within seven
miles of the main railway lines
which control the German communi-
cations to Cologne.
Furious counter-attacks were made
yesterday upon both the British and
French new positions. The British
headquarters reports that a night at-
tack was repulsed with very heavy
losses to the enemy. The British are
strengthening their advanced posi-
tions and preparing for further at-
tacks.
Paris reports similar efforts on the
part of the Germans to recover ground
lost by their attack of the river Somme.
All the attacks resulted in failure.
In Volhynia heavy fighting is going
on, the Germans, according to Petro-
grad, being engaged in desperate
counter-attacks on the Czar's army.
No report from either Petrograd or
Berlin is made of the result of this
fighting. It is still in progress, with
Russians desperately resisting efforts
of the Teutons to dislodge them.
More Austrian positions west of the
Bukovina, city of Kolomea, have been
taken by the Russians by storm, fur-
ther developing their strategic control
of the approaches to the Carpathians.
Two thousand Austrian prisoners
were taken by the Russians yesterday
in these attacks.

JAPANESE MASSAGE PRACTITIONERS WILL ABIDE BY NEW RULING

Japanese massage practitioners will
abide by the attorney-general's ruling
against the "needle treatment," ac-
cording to statements among mem-
bers of the local colony.
Though this treatment has been
practiced for many years, the Japa-
nese say they will give it up, under
the ruling that no one without a doctor's
license can so practice.

ment has been entered on default the
motion to reopen the default must
also ask that the judgment be opened.

HETTY GREEN IS DEAD; LEFT NEAR HUNDRED MILLION

World's Most Famous Mistress
of Finance Has Been
Helpless for Weeks

(Associated Press by Federal Wireless)
NEW YORK, N. Y., July 3.—Ma-
riette Green, the most famous woman in Amer-
ica and the most famous feminine capi-
talist in the world, died here today.
She has been helpless for weeks, a
paralytic. She was nearly 82 years of
age.
Hetty Green was the world's most
remarkable mistress of finance. The
fortune she has left is close to \$100,
000,000. The richest woman in Amer-
ica, she lived almost as frugally as a
shop girl. Her home was wherever
she chose for a time to hang her little
black cape and bonnet, often in the
hall bedroom of some cheap boarding
house or in some remote and modest
flat around New York.
Her eccentric extremes of economy
led to a popular misconception of her
as a "self-made woman." As a mat-
ter of fact she was born rich. In 1865
she inherited some \$10,000,000 which
accumulated upon itself until in 50
years it had multiplied nearly 10
times. She also inherited family tra-
ditions which had been a pride for
three centuries, and which she was
anxious to perpetuate in her children.
She was born at New Bedford,
Mass. "In November, 1834, about the
20th," according to her testimony at
one time in Court. She was a des-
cendant on her mother's side of Hen-
ry Howland, brother of Pilgrim John
Howland of the Mayflower.
A wage increase of 10 per cent. has
been granted the 25,000 employees of
the American Woolen Co.

Kahului Breakwater, Oahu Road Survey, Items Are Favored

Kuhio Cables Good News Con-
cerning Appropriations for
Maui and Oahu

Delegate Kuhio cabled to the
Chamber of Commerce this
morning some splendid news for
the territory. Here is the cable-
gram:
"Quarter-million for Kahului,
amendment adopted by confer-
ence."
"Senate military committee
inserted army bill \$10,000 for
survey of Oahu military roads."
The quarter-million for Kahui-
lui is to continue work on the big
breakwater in the harbor and
with the conference report in fa-
vor of it will doubtless be adopt-
ed by Congress. The other item
takes care of the survey of the
proposed million-dollar military
road around Oahu, which is mak-
ing good progress before the
congressmen. Since the survey
item is favored, it looks more
than probable that the whole
road item will pass.

COURT HOLDS WORDS ARE SUFFICIENTLY DEFINITE

In the case of Ludwig Weinheimer
vs. David K. Kahauliello and others
the supreme court today held that the
words "twenty days after typewrit-
ing and filing transcript of evidence
by the official court stenographer
with the clerk of the court" do not
make an order void because of uncer-
tainty.
